# Key Data Report 2010

*Notes & explanations*

*About EAC*

- 1. Analysis by District*
  - 2. Analysis by County & District*
  - 3. Analysis by County*
  - 4. Analysis by Region & County*
  - 5. Analysis by Region, County & District*
  - 6. Analysis by District Type*
  - 7. Analysis by Region (incl. summary UK stats)*
  - 8. Housing – additional UK analyses*
-

---

# Notes & Explanations

## Sources

- Demographic Data – Census 2001
- Sheltered Housing data – EAC surveys 1992 – 2010
- Care & Nursing Homes data – EAC surveys 1991 – 2009 and registration data published by the Care Quality Commission (CQC)  
**Note that the statistics on care home beds in this report date from March 2009**

## Notes

### Housing units

Both the rented and private sectors contain a wide range of housing types intended for older people. The social sector has traditionally distinguished these as Category 1, 2 etc., but the private sector tends to refer to them all simply as “retirement housing”. This report looks only at schemes that fall within the following definition: *“a group of dwellings intended for older people and served by a resident or non-resident warden/scheme manager with specific responsibility for the group”*.

It is important to note that a considerable proportion of housing intended for older people falls outside this definition, and is therefore excluded. Extra care, assisted living, and other forms of 'housing with care' **are included**. The analysis covers a total of 521,974 properties in 16,330 schemes / developments in England.

### Care & Nursing Home beds

These figures include beds in homes registered with the Care Quality Commission (CQC), and where the home in question caters primarily for elderly people. Excluded therefore are beds in homes which cater for a range of ages (possibly including the elderly), but exist to meet a specific need (eg. physical or mental handicap).

**Note that the statistics on care home beds in this report date from March 2009.**

# *About Elderly Accommodation Counsel (EAC)*

EAC is a charity that offers information and advice nationwide about all forms of accommodation designed to meet the needs of older people. To support this service, it undertakes research into all forms of accommodation and associated care & support services, and publishes data for the benefit of other advisers and providers in the fields of housing and care for older people.

## **The Service**

Enquiries from members of the public are accepted by 'phone or letter, and the various options discussed with those clients who seek advice. General information leaflets are offered to assist them in arriving at a decision as to the most suitable form of accommodation.

Typically, clients then receive a comprehensive, personal Housing Options or Care Options Report. Where appropriate, this will contain details of sheltered / retirement housing developments, residential care homes or nursing homes selected to match their geographic requirements, need for support, financial circumstances and any relevant health conditions. In the case of housing to rent, eligibility factors are assessed by reference to landlords' allocations policies.

EAC does not recommend accommodation or providers of accommodation, and clients are advised to visit a housing scheme or home before considering any offer of a place.

## **Research**

EAC's information databases are updated regularly by means of questionnaire surveys, with ad-hoc amendments in between. The bulk of this work is carried out "in house", often in partnership with, or sponsored by, an outside partner.

## **Publications**

EAC publishes accommodation data and analyses in a range of formats to suit the needs of other advisory agencies, providers of housing and care, researchers and Government departments. Publications include:–

- County, regional & national Guides to Housing & Care Homes
- Our 'housing options' website: [www.housingcare.org](http://www.housingcare.org) which offers searchable access to both our housing and care homes databases

## Sheltered & retirement housing schemes built by year (UK)

Note: Information about year of construction is not available for 6% of schemes built for sale and 33% of schemes built for rent. The figures plotted above include adjustments to compensate for this, and are therefore approximate only.

## Sheltered & retirement housing units built by year (UK)

Note: Information about year of construction is not available for 6% of schemes built for sale and 33% of schemes built for rent. The figures plotted above include adjustments to compensate for this, and are therefore approximate only.

## Sheltered & retirement housing units built by year (UK)

Note: Information about year of construction is not available for 7% of schemes built for sale and 35% of schemes built for rent. The figures plotted above include adjustments to compensate for this, and are therefore approximate only.

# EAC Research

Between 1992 & 1995, EAC compiled the first national picture of sheltered and retirement housing in the UK. This was subsequently expanded and updated between 1997 & 1999, and has been maintained through a continuous research programme from early 2000 onwards. In parallel, EAC maintains a database of residential care and nursing homes.

The ***National Database of Housing for Older People*** contains detailed information about 26,000 housing developments, of which some 22,000 were built for rent (mainly by local authorities, housing associations, Abbeyfield Societies and almshouse charities), and 4,000 for sale (whether outright or through shared ownership / LSE arrangements). The database also documents the management of each individual scheme, and in the case of the social/public rented sector, includes information about landlords' lettings policies.

The ***National Database*** can be accessed in its entirety on our website, and in abbreviated form in a series of regional and county Guides. Standard analyses, such as this Key Data Report, are produced regularly, and EAC also undertakes bespoke research and analyses for providers of housing and care services for older people.

Drawing on information recorded about the 10,000 people who make use of its advisory and information service each year, EAC is also able to provide valuable evidence of the aspirations, preferences and needs of older people in the rapidly changing market for housing and care.
