Why choose
Adelaide House?

Live Life to the Full

We encourage residents to live a full and active life, and endeavour to provide choices and options to suit a range of interests and tastes.

We will ensure that residents and their families (and friends) are fully involved in making decisions about how they wish to be supported to maintain their individual lifestyles.

We understand that private bedrooms are important and you will find that they contain furniture and fittings that create a 'home from home' feel. Many rooms have en suite facilities and are equipped with a modern assistance call system. Most residents make their rooms feel just like home by adding their own personal touches such as pictures, ornaments and small items of furniture.

Our well qualified and caring staff has been trained to achieve a high standard of care which will provide a warm, welcoming and friendly atmosphere. Adelaide House will be a place where you can relax and have the peace of mind to live your life in contentment.

When residents feel like companionship they can join others in the well equipped and appointed lounge to watch television, listen to music, take part in informal activities or simply enjoying each other's company.

If looking for privacy, they can choose to sit quietly and read a book, stroll around the beautifully maintained gardens and enjoy those outstanding views or simply relax in their room. Rest assured that all residents have complete freedom of choice about how they want to live in Adelaide House.

“All our residents are invited to participate in the day-to-day management of the home through individual consultation and regular resident meetings.”

Advice on Fee's

Costs depend on individual requirements, the type of accommodation and length of stay. If you have come to Heritage Care through Social Services, your Social Worker will normally carry out any financial assessment. Whatever your situation, the Home Manager will be able to offer advice on payment options available.

“There are no constraints on visits to the Home, or on trips and visits to family and friends outside the Home.”

About Heritage Care

Heritage Care has been established since 1993 and provides high quality care and support in residential and supported living or 'Extra care' schemes providing 24 hour care and support.

Heritage Care is a professional, financially sound, organization with a high reputation for the quality of the services it provides.

We support people from diverse backgrounds. Primarily, we help those who have only limited opportunity to participate meaningfully in their communities, despite having a range of abilities, skills and potential. This may be because of the ageing process, mental ill health or learning disability.

Heritage care is a registered charity (registration number 1135353).

All our income is reinvested into the organisation, which allows us to provide residents with excellent standards of care and support from well managed and maintained homes.
