Manager's description:

Woodlands Care Home overlooks the Calder Valley and is surrounded by established woodland full of wildlife. Our staff are trained to understand the effects of Dementia and Alzheimer's Disease through different stages and to provide the most appropriate care for the individual.

Woodlands Care Home is set within 47 acres of woodland and maintains much of its original character. The Home has been carefully restored and had the advantage of some magnificent views over the Calder Valley from many of its rooms. Our gardens include a patio, seating, orchard, fish pond and bowling green which are all securely fenced to allow residents the freedom to enjoy a stroll in a protected setting. The home has spacious lounges and dining rooms where activities are frequently provided. There are also several quieter lounges and areas where residents and their families can relax.
