### Cost:
Not available.

### Manager’s description:
Set in 11 acres of magnificent gardens in the Berwickshire countryside, Lennel House provides nursing and residential care for older people and adults. Half a mile from the town of Coldstream in the Scottish Borders, the home’s picturesque location offers splendid views over the River Tweed and Cheviot Hills. The house was originally built around 1820 and its impressive architecture and features have been retained whilst providing all of the modern equipment and facilities required by our residents with limited mobility and other specialist needs.

The main part of the house featuring a striking oak staircase and impressive glass-domed roof, offers nursing care for 18 older people and younger disabled residents. There is a choice of five lounges including the Beatrix Potter Lounge named after the author who holidayed there more than 100 years ago.

The Griselle Baillie Wing, established 10 years ago, is based in the eastern half of the house and is dedicated to specialist nursing and residential care for 29 people with dementia and residents with learning difficulties.
