Manager's description: The Lower Johnshill studios were opened in August 2000, the result of many years of practical experience and listening to the desires of our residents. From their elevated position, the majority of our studios enjoy wonderful views over the lochans and the estate.

Friendly members of staff are available to you 24 hours a day. Our aim is to tailor a package of care and resources that fit your particular circumstances, allowing as much independence as possible. We aim to ensure a calm and relaxed environment where your personal interests and skills can be developed. A variety of communal lounges, some grand and others small and cosy, mean that every resident can choose what suits their mood at any particular time of day.

Your light and spacious personal accommodation will include a mini kitchen and an easily-accessible bathroom with bath lift and grab rails for support. Carpets and slip-resistant flooring are fitted throughout, and an emergency call system has been installed.

Meanwhile, our kitchen staff provide quality food to the "Auchlochan" standard, serving in a dining room that would grace a quality hotel. We believe that Lower Johnson studios represent a modern standard

second to none.
