**Tenure:** Tenure(s): Rent (social landlord).

**Manager’s notes:**

Tucked away in a quiet residential cul-de-sac, our Abbeyfield house is situated in the heart of the Abbots Langley community. It was originally a large family home which was converted to an Abbeyfield supported house with the first residents arriving in 1975. It has since been lovingly extended and altered to the comfortable friendly home it is now.

We are a supported house for up to fourteen residents. We have two double rooms and ten single rooms available for residents who need a little extra help to maintain their daily lifestyle but want to remain independent. Each studio room has a kitchenette and en-suite shower room.

Residents have the option of socialising with other residents in the communal living area or dining room. The house is roomy and spread over two floors, served by a lift as well as stairs. We have a large pleasant lounge which opens on to a well-maintained and
beautiful garden - a lovely area in which to sit out and enjoy the fresh air and sunshine.

The residents furnish their own rooms as they wish. They have their own front door and room keys. Friends and family are welcome at any time. All rooms are fitted with an intercom system, a house alarm, wiring for a telephone, smoke alarms and tv aerial sockets. There are two bathrooms, one on each floor with one for those with restricted mobility.

There is a laundry room with washing machine and tumble dryer. There is storage outside in the front drive for motorised scooters.
