Manager’s description:

Langley Oaks in South Croydon has lots of striking design features, including a curved roof and attractive wood cladding. We also have beautiful grounds and fantastic views of the surrounding area. Residents’ rooms are spacious and very comfortable rooms, with en-suite facilities, stylish furniture, a 24-hour nurse call system and phone, internet and television connections. Each room has large windows for enjoying the scenic views.

The home is arranged over three floors, with lifts to each level. Throughout the home you’ll find several dining rooms and lounges, a gym and a hairdressing salon. We also have three large balconies, one of which runs the full length of the building and has a shed with a ‘green roof’.

Outside, our large, sensory gardens are gated and completely secure. One section has a seating area and a large, natural eco-pond. We’ve used recycled tyre chips to create an area of soft floor around the pond. The gardens also include a quiet area, with a relaxing water feature made of a giant silver ball. Our gardens are a real haven for wildlife – we have lots of mature trees and several nesting and feeding boxes for birds.

The home and gardens are wheelchair accessible throughout.
