

Quality homes offering a relaxing village lifestyle

MOVING house is often cited as one of the top three most stressful experiences.

Denham Garden Village, however, is dramatically reducing the burden of moving thanks to its fully furnished show home, as buyers are being offered the chance to purchase not only a new home, but all the furniture to go with it.

The show home comes complete with all carpets and curtains and provides everything from high quality furniture in every room to table lamps, pictures and mirrors, making the property a home right from the start.

Buyers will have to act quickly if they are to secure a home as there are only four houses remaining at the exclusive development for the over-55s in Denham.

Tony Tench, project manag-

er for Denham Garden Village, said: "Being able to move into a fully furnished home can be a huge plus point for buyers.

"When buying a property, particularly when downsizing like many of our purchasers are, the last thing people want to do is traipse around the shops looking for the ideal furniture to go with their new home as it can be extremely time consuming," he added.

"Many just want a fast purchase with as little hassle as possible – the show home is the perfect solution."

The development represents a unique offer in both the local and national market for the over-55s and people from across the UK have been keen to snap up a property – a response Tony has been very pleased with.

He added: "We are delight-

ed by the success of Denham Garden Village.

"The homes have sold extremely well which is testament to the quality of not only the homes, but also the lifestyle available here."

Denham Garden Village provides a mix of leisure and support services to enable people to continue to live independently in their own home.

Residents can enjoy a range of on-site activities, such as a swimming pool, gym and snooker room, as well as benefit from additional help with personal and domestic tasks.

The showhome is priced at £435,000.

Prices of the remaining homes start from £385,000.
