Entertainers Directory 2005

Introduction

Welcome to the new edition of the Entertainers' Directory, published by Elderly Accommodation Counsel in association with Age Concern London.

The directory is a resource for anyone working with older people in day centres, residential homes, sheltered housing schemes or hospitals. It is also used by pensioners' groups, voluntary organisations, local authorities and anyone wishing to arrange entertainment and recreation for older people. It offers a wide variety of acts including old time music hall, sing-alongs dance music etc. Although most acts are music-based, there is also drama, magic, talks, workshops, story telling, all types of dancing, pantomime, reminiscence and variety theatre.

The majority of the entertainers are older people themselves who easily appreciate older people's many interests and contribute with great enthusiasm and skill.

We hope the directory helps you to meet all your needs in arranging entertainment for your client group. Feedback and suggestions to make the directory an even better resource is most welcome.

This directory is also available on-line at www.HousingCare.org

Please note: all the information listed has been supplied by the entertainers themselves, and the publishers cannot guarantee its accuracy. Inclusion does not constitute a recommendation on the part of the publishers. Any bookings made are private arrangements between the entertainers and those making the bookings.

Augustus
