MARK & KELLIE'S STORY

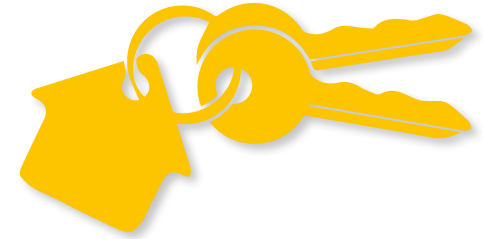

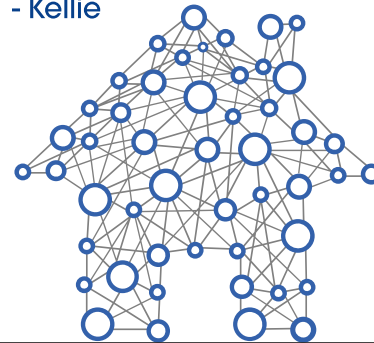

Mark was a soldier in the Territorial Army. In 2003, while he was serving in Iraq, he was severely injured and medically discharged.

Kellie and Mark were living in the private rented sector in Angus but needed to relocate to the Highlands to be closer to friends and family. Mark and Kellie contacted and were put in touch with an IFA.

“Thanks to the LIFT scheme, we have now been able to secure a mortgage that is cheaper than our rent!” - Kellie

On 1st July, the whole family moved to a lovely 4 bedroom terraced house in the quiet village of Roybridge.

“We are looking forward to our future now with friends and family for support.” - Kellie

ANNE'S STORY

Anne had owned a beautiful top floor tenement in Glasgow for over 10 years. When she was diagnosed with MS her home gradually became a dangerous prison. It took HOS 2 years to help Anne find her “right home, right place”. She never gave up and neither did we.

HOS supported Anne to look at lots of solutions including buying a new home. Unfortunately, the lack of wheelchair housing meant that nothing suitable came on the market. Fortunately for Anne because of her housing need and high-risk status she was offered a fully accessible flat by a West End housing association.

Anne loves her new home and gets active daily on her mobility scooter.

“They gave me hope...and lots of help. This home makes me feel like a person again. Without HOS I would have been devastated.”

- Anne
