Ashridge Home Care Limited

We are one of the few agencies that make it possible for vulnerable people to receive the highest quality care in the comfort of their own home.

We are true believers that staying within the familiarity of our homes is integral to our wellbeing. We understand that many people have the intention to remain in their homes for as long as possible, and we make this a viable option for many. We go the extra mile to extend our live-in care services to as many people as possible, whatever their needs may be.

Our company’s passion and values come through in everything that we do – from the training that our staff receive to the way in which we engage clients’ families and friends to make certain that we get the level of care just right.

<tr>
<td>Who it is for:</td>
<td>Our service is for anyone who is looking for a viable option to residential care. Choosing to stay at home enables you to live your life on your terms. You can stay with your pet, keep in touch with friends and family and eat the food you like to eat. Having a carer on hand to provide support, and companionship often provides a much-improved quality of life for our clients who have previously struggled with day to day routines of life</td>
</tr>
<tr>
<td>Where available:</td>
<td>Local service covering: Aylesbury Vale, Chiltern, Milton Keynes, South Bucks, Wycombe (Buckinghamshire). Buckinghamshire</td>
</tr>
<tr>
<td>What it costs:</td>
<td>Live in care costs compare favourably to other types of full time care, such as a residential nursing home. Having a dedicated carer solely focused on your relative’s needs provides added flexibility, as the carer works around their routine and preferences. Live in carer costs are usually between £1064 and £1400 per week depending on the specific needs and circumstances whereas residential care can be well over £2000 per week. The cost for specialist care will, of course, be more expensive than for someone who simply requires companionship and help around the home. Our hourly care is charged at £21.00 per hour on week days and £23.00 per hour at the weekend. We know how important it is that your relative builds a strong bond with their carer, and in most cases, we provide a dedicated carer that they can get to know well.</td>
</tr>
<tr>
<td>How to access or apply for it:</td>
<td>Contact <a href="mailto:info@ashridgehomecare.co.uk">info@ashridgehomecare.co.uk</a> or 01494 917344 for more details</td>
</tr>

Choosing live-in care is a huge decision and not something that you should take lightly. Some of these conversations can be tricky and it's our job to make sure you feel as comfortable as possible. We are more than happy to visit you and your family at home to discuss your situation and consider the options available to you.

**Additional information:**

Ashridge Home Care is a family owned business and Trudi Scrivener, the founder is Buckinghamshire based, Trudi has over 30 years of care experience and provides a key leadership role to her team.

Their ethos is based purely on happy and healthy lifestyles. Ashridge Home Care offers care tailored to suit the individual, taking into account the things that are important to the client, like family, interests, pets or the garden. This ethos applies to both the care provided to clients and also the support given to staff.
