Dementia Care

EveryDay's trained, caring staff provide personal care as well as social and practical support to older people in their own homes.

Their aim is for people to live well with dementia. They do this by working with individual, families, professionals and other organisations to deliver a tailored service to people with dementia and their carers.

All staff involved in the care and support of people with dementia have the necessary values, skills and experience to provide the best quality of care and support in the roles and settings where they work, ensuring that dignity and respect are paramount.
