24 hour care provision

Our offer: reliability, flexibility, continuity

Domiciliary or community care

At Axiom Crossroads Care we can provide you with support and care services 24 hours a day, 365 days a year. Our staff are fully trained and are sensitive to the emotional and physical pressures that health issues or disabilities can bring.

We also understand that some people may need care for only a short time, maybe to get them over a difficult patch, or they may need support once or twice a week. Other people may need more care; whatever your needs, we have experienced care workers that can help and support you.

"It's no wonder that people will want to turn to Axiom Crossroads Care. They love their work, and experience shows that both Axiom and Crossroads Care really do know what people requiring care need".
